Breve descrizione

The objectives of the Project Disseminating Disaster Law for Europe (DILAW4E) are to support information activities, disseminate knowledge and promote research debate on the crucial implications of disaster law for the European, international and national institutions and to assess its impact on humanitarian activities of relevant stakeholders. The objectives of the Jean Monnet Project Disseminating Disaster Law for Europe (DILAW4E) are to support information activities, disseminate knowledge and promote research debate on the crucial implications of disaster law for the European, international and national institutions and to assess its impact on humanitarian activities of relevant stakeholders. Through significant partnerships and an active involvement of international, European and national public/private actors, DILAW4E will foster debate, awareness and outstanding researches on a fundamental issue for the EU, also through proposals aimed to enhance the current

state of the art and provide better protection for affected communities. Based at Roma Tre University, Department of Law, (Prof. Giulio Bartolini (academic coordinator of the Jean Monnet Project), DILAW4E also benefits of a tested network of international and national partner organisations with an outstanding expertise: European universities with a recognized experience on disaster law (Cork and Groningen) and leading international and national stakeholders, namely the International Federation of Red Cross and Red Crescent Societies (IFRC) through its Disaster Law Programme, and the Italian Red Cross.
